Please!

I support the petition to ban the forced molting of layer hens (docket 98P-0203/CP)

please!

Don't squeeze up to five hens in wire cages, slice off chicks beaks & force hens to "molt" as this throws hens' systems into collapse, stressing and shocking them into losing their feathers, deprive them of food and water, traumatize them, and lack them of nutrition. This also weakens hens' bones, resulting in fragile and broken limbs

please!

Stop! this immediately.
