4/11/99

To whom it may concern:

I am writing to support CLEAR & PROMINENT labeling of any irradiated foods including use of the "radura" symbol. Also, this should include products containing irradiated ingredients.

'99 APR 19 A10:09

I feel very privileged to live in a free country where I have the right to know exactly what I'm buying & have the right to choose.

Please, please, support that freedom. Resist special interest lobbying.

Thank you.
