4/13/99

Dear Mr. Hubbard,

9409 '99 APR 21 A10:02

I am an oyster farmer in the state of Alaska.

I am writing about the issue brought forward by CSPI concerning V. parahaemolyticus. I would ask the FDA to refer this matter over to the ISSC for continued deliberation, and that any action taken be based on good science and common sense.

Thanks

Kevin Gilchrist
