Dear Mr Jaffe

I support the 7251 ~~99~~ MAR 27 A8:50 to ban the forced molting of layer hens. It has been in Great Britain, and most European countries do not allow it for longer than 24 hours.

These poor animals, dumb though they may be, do not deserve such a terrible, slow painful starvation and torture. The diseases they develop as a result of this stress can be passed onto us too, as their flesh is ground and used in products such as pet food and chicken soup.

Please help, stop the cruel practice, and make a positive contribution towards a better kinder world.

Yours Sincerely,

Mitchel Carter
