Dear People,

RE: IRRADIATION LABELING.

3401 '99 MAY -5 AM 8:23

Please label all foods that are irradiated. Prominent label information with easy-to-read printing should state that this product has been irradiated, perhaps with information for the consumer to make a wise & nutritionally sound choice. Irradiation is a process that can change food's nutrients, etc.

YES on Labeling.

Thank you
