I am writing to voice my support for a petition to ban the extremely cruel practice called forced molting of layer hens (docket 98 P-0203 CP) They are only chickens but they are alive + being forced to suffer cruelty that is hellish. Please don't allow this horrid treatment of defenseless creatures to continue

I don't know how any human beings can work around these chickens day after day they must have no heart or soul Please stop some of the torture the poor creatures endure
