1690 re HFA-305
99 MAY 10 P3:30
Docket # 98N-1038 Food +
Drug Admin.

I do not want to see the labels removed from any food package that contain the symbol for irradiation. That includes leaving the statement that the product has been treated by irradiation. I want that information to continue so I can make my own decision on wether or not I wish to purchase some item.

Sincerely
Larry Joza
