Dear Sirs,

I am writing re Docket 98N-1038, "Irradiation In The Production, Processing and Handling of Foods"

#1) I oppose Irradiation.

#2) If you force on the American people this Irradiation, then:

A) I ask that all irradiated foods be plainly labeled as such using Big print

B) Do not use nor allow misleading terms like "cold pasteurized" or "electronic pasteurization"!

C) Have no expiration date for required labeling of irradiated foods.

Very truly,
