Docket No. 98N-1038

To Whom It May Concern

0531 '99 MAY 12 A8:29

I am frightened + concerned with your intent to remove labeling on irradiated foods

Irradiated foods are not natural or healthy, therefore not fit for human consumption.

I ask + beg you to label all food that have been irradiated with big + bright labels so that we might not be confused or misled into buying what we really do not want.

Sincerely, Marguerite Wilky
