Commissioner Jane E. Henney
500 Fishers Lane
Rockville, MD 20857

'99 MAY 17 :13

Commissioner Henney:

As a member of the Center for Science in the Public Interest, I am asking that you use your influence to ban the use of Antibiotics in animal feed.

The use of medically useful antibiotics in feed may serve to develop resistant bacteria and thus result in making these antibiotics useless against human disease as well as making them useless as a feed supplement.

Sincerely

Edmund L. Chipley
