To: Commissioner Jane E. Henney

as an American citizen who values my life + my health - + yours too! - I urge you to save human lives by banning the use of medically useful ANTIBIOTICS in ANIMAL feed.

I avoid antibiotics in my daily life unless I have a bacteria that the doctor has found requires that I take a course of antibiotics to get well.

Adding ANTIBIOTICS to feed in order to promote growth can make bacteria resistant to those ANTIBIOTICS. Then the medical doctors will have no way to treat life-threatening bacterial infections in human beings.

That's why I support the PETITION filed by CSPI + I hope you will too.
