Re: Docket # 98N-1038, "Irradiation in the Production, Processing, and Handling of Food"

I have heard arguements condoning irradiation & against it.

My personal values are such: I do not care to purchase produce or any food item that has been irradiated.

I also feel it is highly unethical to not clearly label any irradiated item with the words irradiation/irradiated & to use the "radura" symbol. I believe prominent labeling as stated

98N-1038

above is your responsibility &
I strongly urge you to do so.

Sincerely,
C. Murbach
