Food and Drug Adm.

Re: Docket # 98N-1038
"Irradiation in Production, Processing + Handling of Food"

To whom it may Concern:

Radiation on food is too new a technology. Consumers demand the right to know if this process is being used on their food.

I believe the FDA labeling requirements should not expire, and more info on labels should be given.

Yours truly
Rose Robyn

98N-1038
