To Whom it Concerns—

As a health conscious and concerned citizen, I urge you to continue to label foods that have been Irradiated. This seems only fair to allow consumers to make an informed choice.

Also, I want to make my opinion of genetically-engineered food known. As a mother of a child with serere food allergies, this process ~~of~~ could be of great harm to her.

Again, I strongly urge you to make consumers aware of any process that may change the molecular structure of food.

Thank you,

Sincerely,

Dawn Fagerlee
