To Whom it May Concern:

I oppose the Draft Memorandum being proposed by the FDA. In particular, I object to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications ~~that~~ by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

I depend upon a compounding pharmacy for natural hormone replacement therapy. Not only does it help my general health but has proved extremely helpful in recovering from a traumatic head injury.

Sincerely,

Jane Boskoff Graeven
