Dear Lyle,

1749 '99 MAY 18 A10:55

I am writing to you to tell you I support the Petition to Ban the Forced molting of Layer Hens 98 P-0203/CP.

Forced Molting is so cruel. It has been banned in Great Britain and most European countries. In North America there are no laws to protect the birds. WHY NOT? Do something, please

Please Respond.

Yours truly,

Mrs. Betty Jean Herner.
