Dear Sir:

I'm writing this letter to tell the U.S. Food and Drug Administration I support the petition to ban the forced molting of layer hens (docket 98P-0203/CP).

I've read what happens to chickens and their eggs when they are forced to molt. I don't want my family to eat chickens and eggs that may be contaminated with salmonella. Thank you for doing something about this problem and helping these poor helpless animals.

Sincerely,
Jo Ann Amato
