RE: Docket # 98N-1265

As a consumer of health care services, I am extremely concerned that the Memorandum of Understanding, in its present form, as well as the Compounding Section 503A of the Modernization Act, severely restrict the rights of physicians + patients to obtain healthcare products from the provider of our choice, & infringes on the rights of compounding pharmacists to serve the public's medical needs. This MOU must be amended.
