Commissioner Jane E. Henney
Parklawn Bldg, Rm 14-71
5600 Fishers Lane
Rockville, MD 20857

Dear Commissioner:

My family and I are against antibiotics additives put into animal feed. Besides meat tasting different today, people eating antibiotic-fed meat can develop resistance so that those very antibiotics that could fight disease become uneffective.

I urge you to ban antibiotics in animal feed used to promote growth in animals.

Sincerely,

Susan H. Cervin
