4-28-99

Comm. Henney:

As a concerned mother and citizen I urge you to ban the use of antibiotics in animal feed. They cause more bacteria resistant to those & other antibiotics as we are finding out daily in the medical profession. This resistant strain of bacteria is difficult or becoming impossible to treat & threatening the lives of many humans in the U.S. & around the globe.

Thank you! Sincerely,

J.B. Marshall & Barbara Marshall
