To Whom it May Concern:

Re: Docket # 98N-1265-

5916 '99 MAY 24 A10:38

I disapprove of the Memorandum of Understanding & the Compounding Section 503A of the Modernization Act. Its just another example of infringement on the rights of compounding pharmacists to serve the public & of my right to choose. I want no restrictions on the delivery of a compounded medication prescribed for me by my doctor, regardless of where I live or may travel. Please amend the MOU. The FDA is a watchdog for consumer safety & this is not a safety issue. The FDA is accountable to me & I want MOU amended.

Sincerely,

Marilyn Millsap
