Re: Docket No. 98N-1265
Memorandum of Understanding and Compounding
Section 503A, Modernization Act of 1997

I presently use a compounding pharmacy that is located in another state, and I am very concerned that the above-referenced MOU and Section 503A will restrict my ability to obtain substances my doctors prescribe.

I have found a quality compounding pharmacy that provides excellent service. Why should you decide I cannot use them just because they're in another state! It's ridiculous to impose such arbitrary restrictions.

Please amend the above-referenced items so that health care providers and patients can continue to obtain products from pharmacies we choose.
