RE: Docket No. 98N-1265

As a citizen of the United States of America, I want the Docket No 98N-1265 MOU amended. The MOU at this time and the Compounding Section 503A of the Modernization Act greatly restricts the rights of physicians and patients to obtain healthcare products from the provider of their individual choice. It also prevents pharmacists rights of compounding health care products to serve the medical needs of the individual person. It is my constitutional right to have Freedom of Choice. I have had adverse reactions to certain (Non compounded) drugs - When I was advised through medical personnel to try a natural compounded product I found my health improved greatly with no adverse reactions. I want to continue my freedom of CHOICE!

98N-1265
