To Whom It May Concern,

I am writing to you to express my opposition to the FDA's proposed Draft Memorandum. I am especially opposed to the definition of "inordinate amount" that will restrict both the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

I am currently receiving

such medication from across state lines. If you inhibit or block such access, this is not the last you will hear from me and many other of my friends.

Your job is NOT to prevent my access to medication that I need.

Sincerely yours,

Laurel Bell-Cahill

P.S. It certainly sounds like restraint of interstate commerce!
