Subj Proposed Legistration
Concerning Compounded Meds

Re: (Docket No. 98N-1265)

To Whom it may Concern:

I'm a 100 percent service connected Veteran. Fifteen years ago I had to be surigically castrated. I've always had severe side effect's from FDA approved estrogens from Pregnant Mare's urine, and I became
98N-1265 unfent with severe mood swings C2672
+ depression after 3 months

on your approved Estratatone
I almost took my own life
I have found a wonderful
doctor, & in the last month
after prescribing me compounded
Estrogens, Progesterones, etc
my mood is better, no more
hot flashes etc
To take these away
from me & if I have to
resort to the poisons that
you approve, I will probably
end up taking my life.

This is my body, & I know
what works for me, no one
understands what I've gone
through in the last 15 yrs
unless it happened to you.
A lot of us are suffering
because pharmaceutical companies,
& the FDA, big money & politics.
