Rockville, Md. 20857

I support the Center for Food Safety's legal petition which calls for the FDA to reverse its approval of R-BGH and have it removed from the market.

I love milk, cheese and yogurt - I need the calcium for the prevention of osteoporosis! I have not eaten or drunk any of these products since reading about the dangers to humans and animals. I switched to soy!

Please do the responsible thing! Protect our health - do not expose us to greater breast and prostate cancer risks!

Sincerely,

Diana L. Steel
