FDA re: DOCKET # 98N-1265
5630 Fishers Lane, Room 1061
Rockville, MD 20857-0003

Dear Sir,

Women's International Pharmacy has recently notified me that they may no longer be able to supply to me tri-estrogen/progesterone compounded replacement hormones if the new guiding the State Agency legislation is accepted. I have already had difficulty finding a supplier. Restricting my ability to access this medication is a serious hazard to my health maintainance. I urge you to reconsider.

If your concern is about the safety of compounded medications, I want to tell you that I have had only good results from these compounded hormones. If your concern is about interstate commerce, you are restricting our right to choice. Address the problems, but do not cut off the benefits.

Sincerely yours,
Renie Dunham
