To Whom It May Concern:

This letter is in regard to Docket # 98N-1265.

The M.O.U. in its present form as well as the Compounding section 503 of the Modernization Act severely restricts my rights as a patient & consumer to purchase products of my choice through my provider. I need naturally compounded drugs because I have severe allergies to certain medically patented drugs, & believe the F.D.A. should support interstate commerce which allows ~~easily~~ easy accessibility to such compounded drugs. Please support me & other consumers by continuing to allow availability of these compounds.

Thank you.

Sincerely.

Betty L. Jessup
