To the FDA

RE: Docket No. 98N-1265

3455 '99 MAY 27 P12:43

I am sending this letter to register my concern and disapproval of the MOU as published by the FDA on January 21, 1999, and Compounding Section 503A.

In its present form, the MOU severly restricts the right of physicians and patients to obtain healthcare products from the provider of their choice. As a healthcare consumer there should be no restrictions to the delivery of compounded medication prescribed for me regardless of where I live or travel. The availability of compounded medication for me has been a God-send. The MOU must be amended!!!

Respectfully
