To FDA - Docket # 98N-1265

3139 '99 MAY 27 A9:55

As a consumer of health care services I must register my disapproval of the Memorandum of Understanding by the FDA dated Jan. 21, 1999.

This MOU and its compounding section 503A of the Modernization Act, severely restricts my right to obtain health care products of my choice.

I'am retired and am what is called a Full Time Recreational Vehicle person.

The above address is for mailing purposes as I live in my motor home and continuely travel from place to place. Should I not have pharmacists in what ever state I may be in how can I obtain the items I need, which I presently can thru the mail from another state.

98N-1265

C2807

You would be shutting down my right of choice to obtain the health care I desire. WHAT in God's name gives you this right!

The MOU must be amended. The FDA is supposed to be a watch-dog for the consumers safety. WHAT is the safety issue here? There is none! The FDA and all government & it's agencies has a responsibility to be accountable to the people.

You are taking away my freedom to choose my own individual health care providers. Please, please, be responsible and kill or amend this MOU. Thank you,

P.S. Presently visit family & friends in Staten Island, N.Y. In an extended stay I am under treatment & receiving prescribed medication which will need to be filled when I travel
