RE: Docket No. 98N-1265

Dear Managers,

3083 '99 MAY 27 A9:51

I am writing to protest the MOU and request it's amended immediately, as to consumer access to compounded pharmacy products.

I have recently begun using a compounded prescription, and have experienced superior results from its regular, noncompounded version. It is not available in OK & is sent from Wisconsin under my physician's advice & prescription.

I am entitled to make this choice, & must go out of state to do it. In its present form, the MOU, as well as the Compounding Section 503 A of the Modernization Act, severely restricts physician/patient rights of access to compounding pharmacists. They are already unduly limited, because my insurance provider does not cover it, although it would cover the regular pharmacy prescription, which gives me severe headaches.

PLEASE AMEND to give me freedom of choice as a patient.

Thank you.

98N-1265
