Dear FDA,

Regarding Docket #98N-1038

1999 MAY 20 P1:48

Labelling of Irradiated Food:

Please clearly label IRRADIATED foods that are irradiated or that contain irradiated parts and ingredients as to percentage contained. If the current wording is revised, let it be stronger and clearer, and keep them from expiring at a later date. I appreciate the labeling on foods and read them 99% of the time. We have advanced to a wise place, I would ask that we continue the practice of full disclosure making it ever clearer so we can continue to exercise the freedom and rights America is known for.

With Sincerely and Aloha

Sandy Bonk
