Dear Sirs:

This is in reference to Docket No: 98-N-1265.

The MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of physicians and patients to obtain health-care products from the provider of their choice. It also infringes on the rights of compounding pharmacists to serve the public's medical needs.

As a healthcare consumer, there should be no restrictions to the delivery of a compounded medication prescribed for me, regardless of where I live or may travel.

The MOU must be amended!! This is not a safety issue!!! The FDA has a responsibility to be accountable to the people!

Sincerely, C2963
Rebecca McGuire
