May 12, 1999

Dear Ms. Henney -

5356 '99 MAY 21 P2:09

I am a senior citizen living with my grown daughter and my 10 year old granddaughter, and I am concerned for their welfare, especially in regard to the foods we eat. I shop as carefully as I can, even going out of my way to buy milk that does not have hormone additives in it.

I am really worried about all the processing, and mishandling, that goes on in the food industry. I want to know all I can about what we consume. Therefore, please have the meat industry tell us if their product is irradiated (or not). Thank you,

Sincerely, Ms. L. Posner
