I am writing you to tell you to I wish the MOU be amended in its present form, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of physicians and patients to obtain healthcare products from the provider of their choice, and it infringes on the rights of Compounding Pharmacists to serve the public is medical needs.

I have always been served by my out of state Pharmacist better because I have a compound that works just right for my need.
