Re Docket No. 98N-1265

5/22/99

Dear Sir,

I am writing in reference to MOU.

In it's present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the right of physicians and patients to obtain healthcare products from the provider of their choice, and infringes on the right of compounding pharmacists to serve the public's medical needs. This curtails our freedom in a democratic society and begins to approximate what is offensive about other "socialized" healthcare systems in the world.

Sincerely,

Elyse Dubin MD
