5/26/99

Dear FDA,

I am opposed to the FDA Modernization Act of 1997, Section 503A, which governs the practice of pharmacy compounding. It places unnecessary restrictions on consumer's choices. When a person is sick & needs to shop for best price & quality & service, it is unfair to pharmacy & patient to restrict our choices to only our own state. Restricting interstate mail of prescriptions & drugs is unconstitutional, stopping our freedom of choices.

Please help by extending the moratorium past June 1-99 & amend the act.

Respectfully,
Betty Seehan
