Commissioner U.S. Food & Drug Admin. [redacted]
Rockville, MD 20857

Sir

Docket No. 98P-0151/CP1

4341 '99 JUN -4 P1:51

The Farm Sanctuary has filed a petition with your Administration and the US Dpt. of Agriculture to prevent the slaughter and use of downed animals for human food. "downed animals - unable to stand as "diseased".

Also I believe there should be a banning of certain animal by-products being used in livestock feed. As well as injections in animals to make them fatter. This is not approved in Europe, and I'm happy to see they are not going to accept meat treated in this manner — I am from Europe!

Respectfully

Joan Simmonds
