Docket # 98N-1038
Irradiation in the production processing, handling of food please -

5675 99 MAY 24 A10:24

Do not let the current labeling law expire. We have to know what we are eating. We fought too hard to get good labeling. Don't try to "cover up" by using terms such as "Cold pasteurization."

Do you want to eat radiated food? I think the answer would be NO way!
