Dear Ms. Henney,

This is in reference to Docket 99P-0033/CP1.

As a citizen of the United States of America, the greatest country in the world, but not without its faults, I demand that action be taken on the Humane Farming Association's Petition to put an end to the practice of feeding dead pigs, horses, and other animals to other farm animals. Cows are NOT meat eaters by nature & shouldn't be forced to eat dead animals. This horrible & inhuman practice will surely backfire upon the citizenry, causing disease and death to those who eat meat. Thank you for your action on this matter.

Sincerely,

Adelaide Mosca
