RE: Docket 99P-0033/CP-1

Dear Ms. Henney:

Let us please, much sooner than later, have an end to the feeding of animals to animals that are not naturally meat-eaters.

F.D.A. must neither be, nor seen to be a captive of agribusiness. The more-or less-so since business is notoriously short-sighted and uncaring as has been repeatedly demonstrated ad nauseam.

Transmissible spongiform encephalopathies loosed in the human population present a great clear and present danger. Immediate and drastic action on behalf of all humanity is indicated, don't you agree?

C225

99P-0033

Respectfully,

PH Coe
