Ms. Henney,

We are writing to urge you to please do something about so-called "MAD COW Disease" in the United States. Eating meat has enough drawbacks (saturated fat etc. goat) and we do not need to add Encephalopathies or TSE

Please act on a petition sponsored by Humane Farming and put an end to the practice of feeding dead pigs, horses and other animals to farm animals. Cows are not meat eaters - it is disgusting. Think about it - do you eat meat?

Thank you for your time and consideration Refer to Docket 99P-0033/CP1 C239

99P-0033

Sincerely,

Gaby S. Robey
