Dear Commissioner Henney:

A petition has been submitted to the FDA Docket 99P-0033/CP1 regarding the practice of feeding dead pigs, horses and other animals to farm animals.

Cows are not meat eaters and shouldn't be forced to eat dead animals. This practice besides being unacceptable for cows can also have a repercussion on human health. Humans eat beef and dairy products.

Your cooperation in putting an end to this unnecessary and potentially dangerous inappropriate diet for cows is essential.

Sincerely,

Jean Lauren
