To Whom It May Concern,

Please know I oppose the Draft Amendment being proposed by the FDA. I want to keep individual doctor-patient-pharmacist teams working together as this practice had and has been successful for centuries. I object to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Thank you for this consideration.

Sincerely,

Dessa Fiestone
