June 7, 1999

Dear Dr. Henney,

2852 '99 JUN 14 P1:46

I am writing to you as a concerned citizen regarding the use of antibiotics in animal feed. This is an issue which I feel very strongly about and am very much against! Therefore I would like to urge the F.D.A. to ban the use of human antibiotics in animal feeds. This is an issue which I have read a great deal about and I feel the evidence points to curtailing the current use (overuse) of antibiotics both in human medicine and in animal feeds.

Thank you for your consideration in this matter.

Sincerely, c948
