6/3/99

Anne Allard

Dear Ms. Henry —

2907 '99 JUN 14 P1:54

As a concerned citizen, I urge you to save human life by banning use of medically useful Antibiotics in animal feed! It renders bacteria resistant to them and leaves Physicians no way to treat life-threatening infections in humans

I support the petition filed by Center for Science in the Public Interest! Thank you —

Sincerely

Anne M. Allard
