Dr. Jane Henney, Commissioner
U.S. Food and Drug Administration
5600 Fishers Lane, Room 1471
Rockville MD 20857

Dear Dr. Henney:

I am writing to urge you to ban the use of antibiotics that humans use in animal feeds.

I believe that antibiotics have already been overused in agriculture, leading to antibiotic-resistance problems. For instance, many strains of Salmonella are becoming increasingly resistant to several antibiotics. In particular, I urge you to withdraw the fluoroquinolones antibiotics for use in poultry. Human health is more important than fatter chickens or fatter profits for agribusinesses.

Thank you.

Sincerely,

Marjory M. Donn
