to:
F.D.A.

Gentlemen:

I am writing to urge you to ban all human antibiotics in animal feed, as recommended by the World Health Organization.

Europe doesn't want to import our meat because of it. They're right. Let I have to eat meat + poultry fed on antibiotic feed. I don't want such meat + poultry. It increases resistance to antibiotics when we are sick + really need them.

Sincerely,
Rosalyn Bayan
