Dear FDA,

I am writing to urge you to keep the word "irradiated" on all labels of this type of food.

6082 '99 JUL -2 P1:50

I, as a consumer, want the choice of purchasing or not purchasing irradiated foods. I would also demand there be no "expiration date" for the industries to stop labeling the food.

Consumers and public safety agencies worked very hard and won some labeling guarantees in the mid-80's. I do not want these labeling regulations to be lessened in any way.

Sincerely,

Mary Ranzi
