Re: Docket No. 98N-1038
Irradiation in the product, Process & handling of Food

Dear People:

I'm very concerned about weakening the labeling requirements for irradiated food. The terms "treated with radiation" or treated by irradiation" should be retained easy to read, close to the name of the food and accompanied by the ~~radura~~ radura (the symbol of ~~irradiated~~ irradiated food.)

Pardon my writing - I trush because I have Parkinson's

Sincerely

Rosa Halperin
